Author Index for Volume 16

A

Angel, F. S., 84

B

Baranowski, L., 167
Batina, M., 140
Benvenuto, D., 220
Berry, R. K., 287
Bledsoe, L., 104
Bostrom, J., 140
Bowman, J. M., 334
Brown, S. T., 334
Bruso, P., 44

C

Carlson, I., 92
Castellini, C., 309

D

Davis, J. H., 287
Dugger, B. H., 239, 293

E

Eason, F. R., 334

F

Foltin, J. J., 287
Fulton, J. S., 304

G

Gaines, B. S., 326
Goodwin, M. L., 92
Grace, L. A., 74, 251
Griebe, A., D
Gulbinas, D. G., 50

H

Hadaway, L. C., 104
Hastings-Tolsma, M., 277
Hedrick, C., 299

I

Illian, A. F., 74, 251

J

James, L., 104
Jenner, N. M., 50

K

Kare, D., 37
Koloc, G., 234

L

LaFortune, S., 246
Larkin, M., 208
Lawson, M., 148
Leondike, M. R., 23
Lettow, J., 287

M

Micek, J., 282

P

Papke, L. F., 345
Pauley, S. Y., 50
Perdue, M., 224
Perucca, R., 282
Poole, J. K., 18

R

Richardson, D., 44
Riley, E. N., 50
Ring, W. H., 110
Rivers, M. P., 74, 251
Roth, D., 156
Ruschman, K., 304

S

Scharnweber, K., 234
Shattuck, M. A., 23
Stoddard, G. J., 110
Szeverenyi, N. M., 277

T

Terrell, F., 339

V

Vallande, N. C., 50
Vertenstein, M. J., 148

W

Williams, B., 339

Y

Yucha, C. B., 277

Subject Index

A

Analgesia, postoperative, patient-controlled vs. traditional, 334
Antibiotic, catheter placement for, 92

B

Bloodborne Pathogen Standard, safety needle system for, 299

C

Caring, (presidential report), 224
Castellini, Clateo, (endnote address), 309
Catheters, central
  catheter-related colonization associated with, 50
  complications associated with, 44, 167
  composition of, 167
  current technologies, uses and management strategies for, 167
  implanted venous access, 167
  internal volume of, 148
  levels of performance for intravenous nursing practice and, 239
  peripherally inserted, 92, 167
  complications associated with, 92, 104
  tip location and, 104, 246
  X-ray to verify tip position for, 246
  selection of, 167
  short-term percutaneously placed, 167
  tunneled, 167
Certification, (presidential report), 224
Cheryl Gardner Foundation, 208
Clinical productivity management system, for home infusion therapy, 74, 251
Clinical research, evaluation of study methodology in, 110
Colony stimulating factors, 37, 234
Community teaching hospital, safety needle system in, 299
Competency, for intravenous nursing practice
  evaluation tool for, 293
  (presidential report), 224
Continuing education, integrating licensed practical nurse and licensed vocational nurse into intravenous nursing, 156
Cost-productivity management system, for home infusion therapy, 74, 251
Cyclophosphamide, intravenous, in lupus nephritis, 23

D

Disinfectant techniques, for latex injection ports, 304

E

Emesis, chemotherapy-induced, Ondansetron for, 84
Erratum, "Restoring Patency of Long-term Central Venous Access Devices," 55
Erythropoietin, 37
Extravasation, comparision of four common solutions, 277

Disinfectant techniques, for latex injection ports, 304

E

Emesis, chemotherapy-induced, Ondansetron for, 84
Erratum, "Restoring Patency of Long-term Central Venous Access Devices," 55
Erythropoietin, 37
Extravasation, comparision of four common solutions, 277

F

Fluoroscopy, peripherally inserted catheter and, 92

G

Globulin, immune, intravenous, home infusion of, 18
Granulocyte CSF, 37
  recombinant, 234
Granulocyte-macrophage CSF, 37

H

Health care reform, Intravenous Nurses Society and, 208
Home care nursing, innovative preceptor program for, 287
Home infusion therapy
  clinical productivity management system for, 74, 251
  of intravenous immune globulin in HIV-infected children, 18
  Intravenous Nurses Society and, 208
Homecare, National Medical Care (interview), 12
Human immune deficiency syndrome, in children, home infusion of intravenous immune globulin in, 18

I

Infusion system. *See also* Home infusion therapy
  multi-line vs. single, 140
Interleukin-1, 37
Interleukin-3, 37
Intravenous Nurses Certification Corporation, 208
Intravenous Nurses Society
  (chief executive officer's report), 208
  (presidential address), 220
  (presidential report), 224

L

Latex injection ports, disinfectant techniques for, 304
Licensed practical nurse, integration into intravenous nursing, 156
Licensed vocational nurse, integration into intravenous nursing, 156
Lupus nephritis, intravenous cyclophosphamide in, 23

M

Macrophage CSF, 37

N

Nausea, chemotherapy-induced, Ondansetron for, 84
Needleless intravenous delivery system, 339
Needlestick injury, 339
Nephritis, lupus, intravenous cyclophosphamide in, 23
Nursing practice, levels of performance for, 239

O

Ondansetron, for chemotherapy-induced nausea and emesis, 84

P

Pediatrics, HIV in, home infusion of intravenous immune globulin in, 18
Performance levels, for intravenous nursing practice, 239
Phlebitis, infusion-related, 282
PIXY321, 37
Preceptor program, for intravenous home care nursing, 287

Q

Quality improvement process, in infusion nursing practice, 326

R

Research
  clinical, evaluation of study methodology in, 110
  Intravenous Nursing Standards of Practice and, 208

S

Scholarship program, Intravenous Nurses Society, 345
Serotonin antagonist, for chemotherapy-induced nausea and emesis, 84
Study methodology, in clinical research, 110
Systemic lupus erythematosus, intravenous cyclophosphamide in lupus nephritis in, 23

W

Walsh, Irene (interview), 12

X

X-ray, to verify tip position for peripherally inserted catheter, 246
